Austrian Championship

Titans RX Series Austria 2023

We are very pleased to announce an Austrian Titans RX Championship for 2023. The overall winner of the races carries the title of **Austrian Champion Titans RX**.

The Titans RX Series 2023 will only be held if at least 5 participants submit their entries for all the races in the series.

In the 2023 season there is a attractive price money for the top 5 in the overall standings:

1 ST place: 4000 Euro	2 nd place: 2750 Euro	3 rd place: 1500 Euro
4 th place: 1000 Euro	5 th place: 500 Euro	

The price money is only paid out if at least 5 drivers have taken part in 5 events

The vehicles are completely rebuilt Pantera RX6 version 2.3, which means that they use the V2 turbo system for recycled E85 fuel. The chassis is the Release 3 of the Pantera with reinforced brakes, optimized spring deflection and linkage points, as well as a lighter suspension.

MJP Promotions offer an Arrive & Drive full service for a fixed rental fee Per race graduated according to participants, starting at **8.999,- incl. VAT (8.999,- up to 4 cars, 8.499,- from 5 to 8 cars and 7.999,- from 9 to 12 cars)**.

All consumables, mechanic service and mechanical wear and tear are included in the rent.

To register, please send your data to: registration@mjp-promotions.com For more information: dieter.kahri@mjp-innovation.at

High-performance One-design Rallycross Series

With the PanteraRX6, MJP Racing has developed an affordable platform for high-end rallycross at a much lower price. The car offers a weight-to-power ratio of 2kg/hp to offer supercar performance. It was designed to be a powerful, predictable and fun rallycross supercar. The Pantera is easy to maintain, features durable components and is backed by a local parts service. The cars in use are completely rebuilt and upgraded to V2.3.

Chassis:	Spaceframe, 60x60mm aeronautic steel, FIA crash-simulated rollcage, front-mid transaxle engine
Engine:	Ford Mustang 2,3l 4-cyl with turbo and ALS, 530 BHP, 750Nm torque, no restrictor,
Gear box:	Unic AB 900nm drivetrain, 5-speed seq shift with gearcut, 3 differentials
Suspension:	Double wishbone, pushrod, Reiger dampers
Electronic:	Locked Life Racing ECU, dashboard, and power control unit
Safety:	ATL 30l FIA spec fuel tank, FIA fire extinguisher,
Body kit:	Choice of Mercedes A-Class, Audi A1, VW Polo.
Ecology	Modified engine to support a non-fossile, renewable fuel to reduce emissions. Three times more durable, high-performance Rallycross tire.
